Subject: Linked Document Request

Counsel:

As we have noted previously, the ESI Order (ECF No. 142, PageID 1155) states, a “receiving party may also make reasonable and proportionate requests that the producing party conduct a reasonable search for relevant documents identified via hyperlinks.”

Accordingly, we are requesting Google make a reasonable search for the following linked document and provide the responses by Wednesday (11/15). The requested document is underlined. For some of the documents, the metadata has Bates numbers for linked documents, but without the underlying URLs, we do not have a way of determining which Bates number goes with which hyperlink in the document. As such, please indicate which Bates number goes with which link.
